

Director of Nursing, Toledo OH

DECA Health has an exciting and rewarding career opportunity for a Director of Nursing to join our fast-paced, multi-provider practice. As a key member of the team, the Director of Nursing will oversee all clinical and administrative operations of the ASC, interpreting and applying the centers organizational policies, budgets, and long-range plans for equipment and personnel. Clearly defining authority and responsibility for all clinical personnel in accordance with National Standards of Practice. Overseeing the Certification and Maintenance of Certification of the Center, AAAHC and Medicare deemed status.

Performing all clinical and administrative personnel evaluations and orientations and all staffing recommendations in regards to hiring, firing, and disciplining. Working with the staff to ensure constant quality of patient care, staffing and smooth operations.

DECA Health employs qualified, passionate individuals supporting the Comprehensive Centers for Pain Management (CC4PM) and West Central Surgical Center facilities. CC4PM is Toledo's most experienced pain management group, with several specialists who focus solely on providing the highest quality of pain management procedures, including minimally invasive procedures. All of our physicians are fellowship trained and board certified in pain management, certifying their experience and advanced training in providing these procedures safely and effectively. For additional information, please visit our websites at: www.decahealth.com | www.cc4pm.com
